

**D.A.V.CENTENARY PUBLIC SCHOOL**  
**SECTOR B-4,POCKET -5,DDA PROJECT, NARELA,DELHI-40**

**Dated : 30-05-2022**

**Dear Parent**

“Vacations are meant to relax ,rejuvenate and learn new skills”.

Let vacations be a fun as well as a learning experience utilizing it meaningfully because time once gone ,never comes back.

A hectic routine makes our life dull and boring . It becomes monotonous to continue the same routine for a long time .So let’s enjoy and recall our childhood memories once again. This is the time to spend quality time with your children ,visiting places ,talking to them , reading books and showering them with your love and affection.

It is generally observed that students lose track of their studies during vacations. Keeping this in mind holiday homework along with projects/activities have been devised for students of all classes. Most of the assignments are fun filled which the students will enjoy doing . Parents have to ensure that their children complete the work during the holidays. Students of Classes X and XII should utilize the summer vacation more productively and can make up for the subjects in which they are lagging behind.

Kindly note the following :-

1. The school will remain closed for summer vacations from 31<sup>st</sup> May,2022(Tuesday) and will re-open on 1<sup>st</sup> July,2022(Friday).
2. The school office and fee counter will remain open during the summer vacations on usual timings except Second Saturday and other holidays.
3. To engage students in productive work during summer holidays ,some holiday home work has been provided to the students .This will be available in the respective class groups.
4. As you all know that English as a medium of communication is very essential . The school is trying its best to ensure that the students communicate in English. The parents are also requested to encourage their children to communicate in English at home.
5. The school, after summer break will not allow the students to enter in the school premises before 7.40 a.m. for safety and security purposes.
6. Students will have to come to school in complete school uniform after the summer vacations.
7. The Registration process for class XI will commence from the first week of June. Details of the same will be provided soon.

Wishing you and the students a happy and pleasant summer vacation. We hope that your child returns to school in a rejuvenated mood.
