

MUST KNOW FOR PARENTS

PART -2

ABOUT GOVERNMENT AND AIDED SCHOOLS

Government Schools and Aided schools are funded by the Government using tax money given by the public.

Either No Fee or a very negligible Fee is charged in Government or Aided Schools.

Government and Aided Schools are managed by Government officials who are mostly on transferable jobs and are mostly not academicians.

Despite Zero Fee, Government schools are not the first choice of any parent.

Majorly Parents who cannot afford to pay a fee, admit their children in Government Schools.

Parents who can afford to pay the fee they do not even apply for admission in Government Schools.

It is perceived that in Government School a student studies for free but in reality, the cost is being borne by Taxpayers.

Taxpayers pay taxes to fund the education of a Government school student but do not admit their child in Government School.

Government school teachers get maximum possible salaries as per rules.

Mostly Salaries of Government School teachers are higher than teachers in unaided schools

Academic results of Government Schools are far behind Unaided Schools.

The majority of the Government School Teachers teach their child in Unaided Schools.

Government schools get free land to build a school and tax money to manage the school.

Still, infrastructure and maintenance of Government Schools is far behind Unaided Schools.

Cost of Teaching a Child in Government Schools is much higher than many Unaided Schools of high repute.

For example Cost of Teaching a student in Delhi Government School is Rs 80000 Per Year whereas Average Fee being charged in Unaided School in Delhi is Rs 60000 per year.

Teacher Absenteeism in Government Schools is 25%.

Student-Teacher Ratio in Government Schools is more than 50:1.

40% of the Students of class 9th studying in Government Schools dropped out or failed.

In the last two years, the cost of teaching a student in Government school has gone up by 60%. Rs 50000 in 2017-18 to Rs 80000 in 2019-20.

QUESTION FOR PARENTS

? **Do we ever bother to check the cost of teaching a student in Government School.**

? **Do we realize that we are paying fees of a student studying in a Government School.**

? **Do we ever get concerned about the financial and administrative mismanagement in Government Schools.**

? **Do we ever realize that our hard-earned money is being wasted by Government officials who are on the transferable job with no long term vision.**

? **Why a Government school official or teacher is teaching their children in Unaided Schools.**

APPEAL TO PARENTS

FOR GROWTH OF STUDENTS AND SOCIETY

Educate yourself about the real costs of providing good school education.

Treat Good education as an Investment and not an expense.
